Welcome

DR. JOHN EDWARD HARVEY AO
Chairman
ATMC Member,
Board of Directors,
IBM Australia and New Zealand

ATMC is an affiliate institution of Federation University Australia which is one of Australia’s oldest higher education providers having a proud history stretching back over 130 years. ATMC has two Federation University Australia campuses in the State of Victoria; one located in the city of Melbourne and one in Geelong, a regional city about 80 km from Melbourne. There is also a Federation University Australia campus in Sydney in the state of New South Wales.

Throughout all the Federation Australia University courses we try to provide opportunities for students to be involved in the workforce. At ATMC we aim to produce students who have the highest levels of education ability and who will be able to find excellent positions in the workforce when they graduate.

We welcome you to approach ATMC to gain more knowledge of the programs that we offer and to take the next step in your education and your future career.

PROFESSOR DAVID BATTERSBY
Vice-Chancellor
Federation University Australia

Federation University Australia (FedUni) had its beginning in 1870, making it the third oldest tertiary institution in Australia. Since then we have forged close links with our region, as well as our national and international partners. Our 25,000 students now studying at FedUni are able to choose from a wide range of Higher Education and TAFE programs.

FedUni is renowned for its teaching performance, graduate satisfaction and starting salaries – as well as being one of Australia’s leading regional universities. We are delighted to work in association with the Australian Technical and Management College (ATMC) to enable students from around the world to obtain a valued qualification from the Federation University Australia.

I wish you all the best in your studies and look forward to getting to know you at ATMC.

DR MANISH MALHOTRA
Managing Director
Australian Technical and Management College

Welcome to the Australian Technical and Management College (ATMC), an ideal education provider for students seeking an industry-relevant curriculum.

ATMC offers a variety of programs in Information Technology, Management, Business and Accounting at Diploma, Bachelor and Master degree level. The Bachelor and Master degree programs are offered in association with the Federation University Australia (FedUni). FedUni and ATMC work together to provide students with relevant, high quality education. Our programs are delivered in a personalised learning environment with a student-focused approach. On successful completion of a Bachelor or Master degree program, graduates are awarded a Federation University Australia degree that is internationally recognised.

Why ATMC
