WELCOME

ATMC is an affiliate institution of Federation University Australia which is one of Australia’s oldest higher education providers having a proud history stretching back over 145 years. ATMC has two Federation University, Australia teaching locations; one located in the city of Melbourne and one in Sydney.

Throughout all the Federation University Australia course we try to provide opportunities for students to be involved in the workforce. At ATMC we aim to produce students who have the highest levels of education ability and who will be able to find excellent positions in the workforce when they graduate.

We welcome you to approach ATMC to gain more knowledge of the programs that we offer and to take the next step in your education and your future career.

Federation University Australia (FedUni) had its beginning in 1870, making it the third oldest tertiary institution in Australia. Since then we have forged close links with our region, as well as our national and international partners. Our 25,000 students now studying at FedUni are able to choose from a wide range of Higher Education and TAFE programs.

FedUni is renowned for its teaching performance, graduate satisfaction and starting salaries – as well as being one of Australia’s leading regional universities. We are delighted to work in association with the Australian Technical and Management College (ATMC) to enable students from around the world to obtain a valued qualification from the Federation University Australia.

FedUni is the only Victorian university to record a maximum five-star rating for teaching quality for seven consecutive years in the Good Universities Guide.

Welcome to the Australian Technical and Management College (ATMC), an ideal education provider for students seeking an industry-relevant curriculum.

ATMC offers a variety of programs in Information Technology, Management, Business and Accounting at Diploma, Bachelor and Master degree level. The Bachelor and Master degree programs are offered in association with the Federation University Australia (FedUni).

FedUni and ATMC work together to provide students with relevant, high quality education. Our programs are delivered in a personalised learning environment with a student-focused approach. On successful completion of a Bachelor or Master degree program, graduates are awarded a Federation University Australia degree that is internationally recognised.

I wish you all the best in your studies and look forward to getting to know you at ATMC.
